VP300

The Cutting-edge Pin Pad Technology

Optimize your payment operations using the VP300, a high-performance, all-inclusive solution with a competitive edge.

Benefits

➤ User-friendly and Intuitive Experience

Indulge in a user-friendly encounter with our spacious touchscreen display and exclusive stylus on our intuitive interface. Explore the digital signature capture function that enriches the overall user experience.

➤ Enhanced Payment Security

Provide your customers heightened security features with our enhanced pin pad technology, providing an extra layer of protection during the PIN entry process. The PCI-PTS 5.0 ensures customer security.

➤ Customer Feedback & Satisfaction

Utilize our integrated built-in customer feedback rating system for insights to refine services and increase customer satisfaction. Elevate your service excellence, one feedback survey at a time.

➤ Secure and Convenient Contactless Payments

Embrace the future of payments with advanced EMV technology, ensuring utmost security for transactions. Choose from swipe, tap, and dip card payment options, accompanied by a secure digital signature capture feature, making payments both safe and convenient.

Features

| Touchscreen Display | Included Stylus | EMV | Digital Signature Capture | PCI-PTS 5.0 Certified Pin Pad |

PCI PTS 5.0 Certified PIN Pad

Provide your customers heightened security features with our enhanced pin pad technology, which offers an extra layer of protection during the PIN entry process. The PCI-PTS 5.0 ensures customer security.

Digital Signature Capture

The Digital Signature Capture feature is a reliable solution for businesses needing secure and convenient signatures. The customer has the capability to sign on-screen for a quick and easy transaction.

Smart Tipping

The Smart Tipping feature offers an intelligent and user-friendly way for customers to leave tips by suggesting appropriate amounts based on the total bill. It simplifies the customer interaction and increases the speed of the transaction.
